

Acadia National Park - 2022

19 species

Abundance (from point count data)

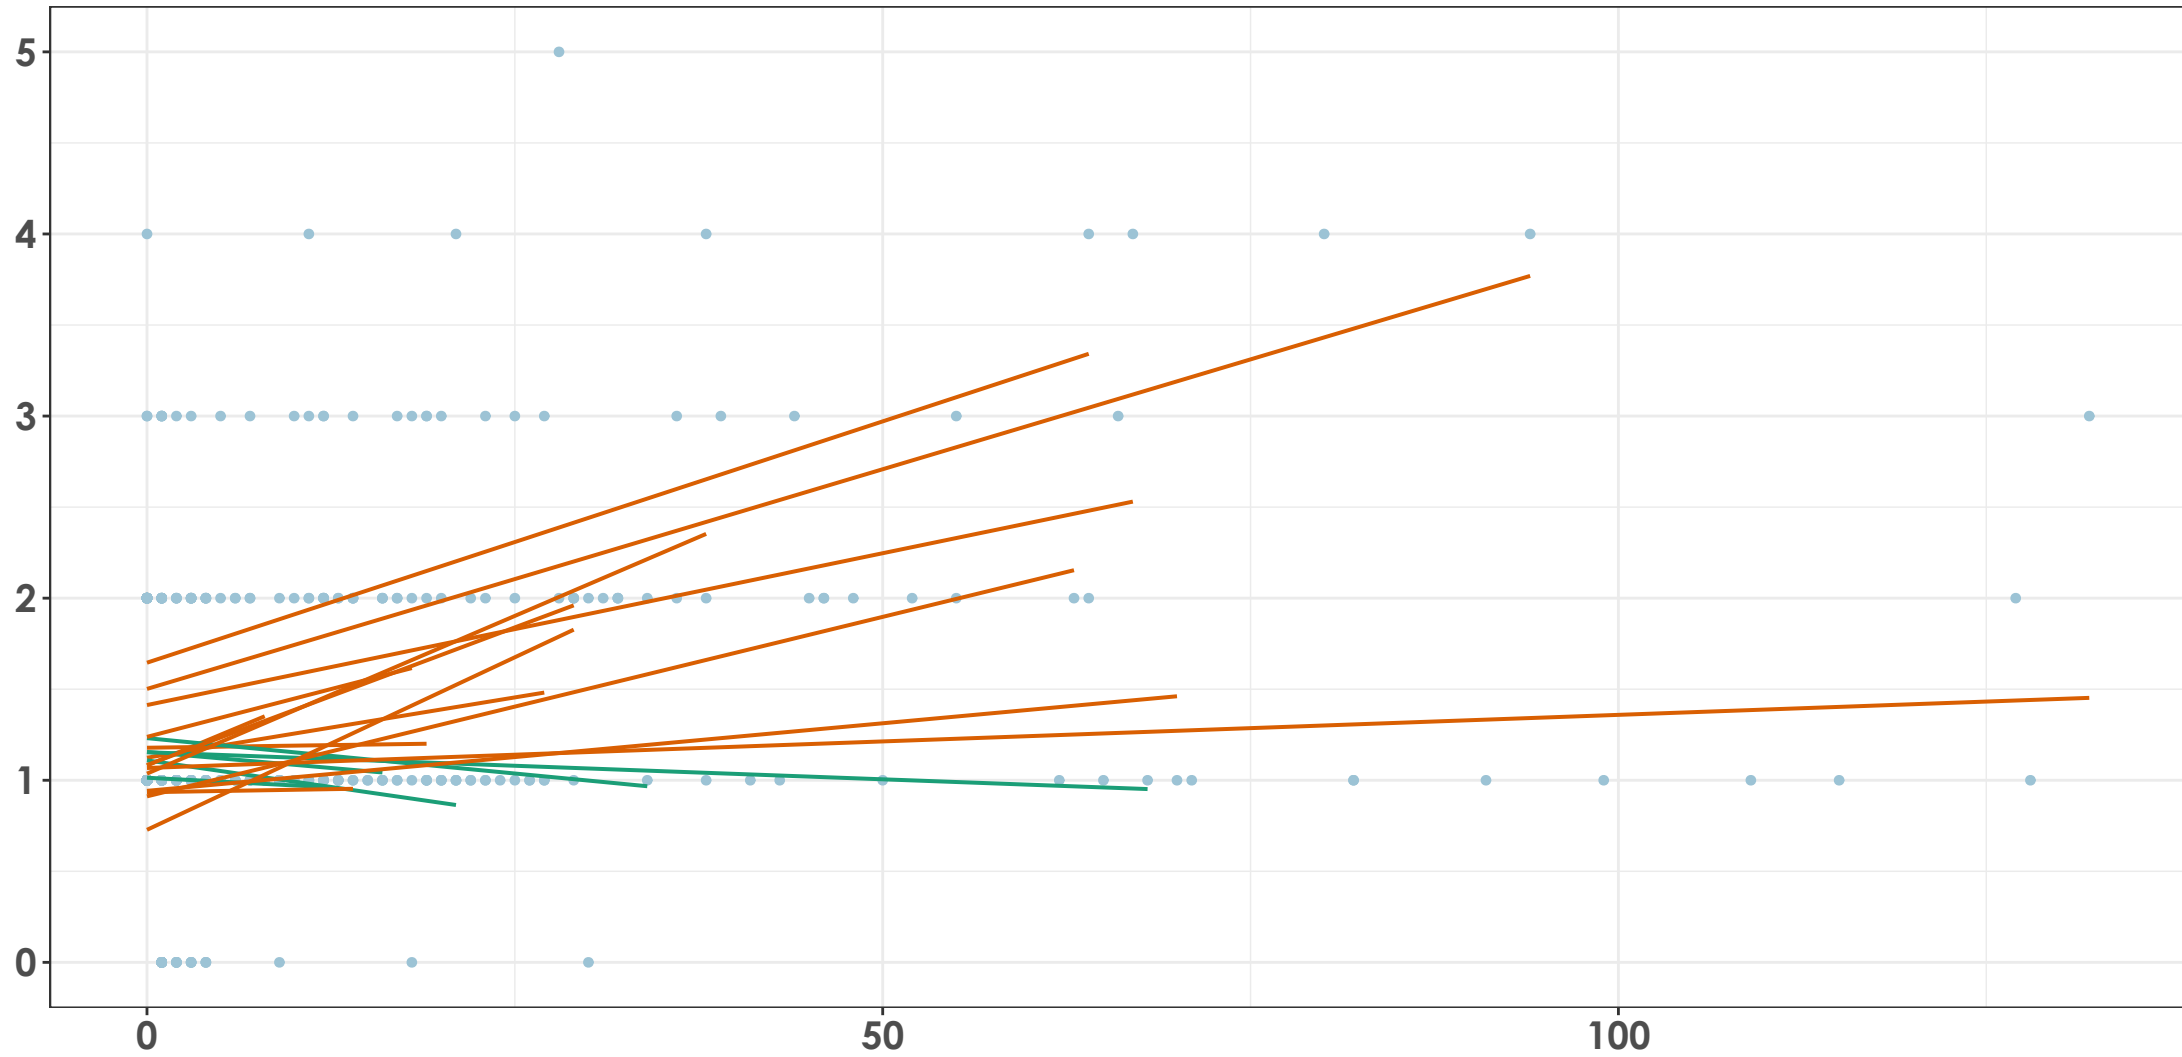

Acoustic detections (from acoustic data)

Positive regressions: 13

Acadia National Park - 2023

19 species

Abundance (from point count data)

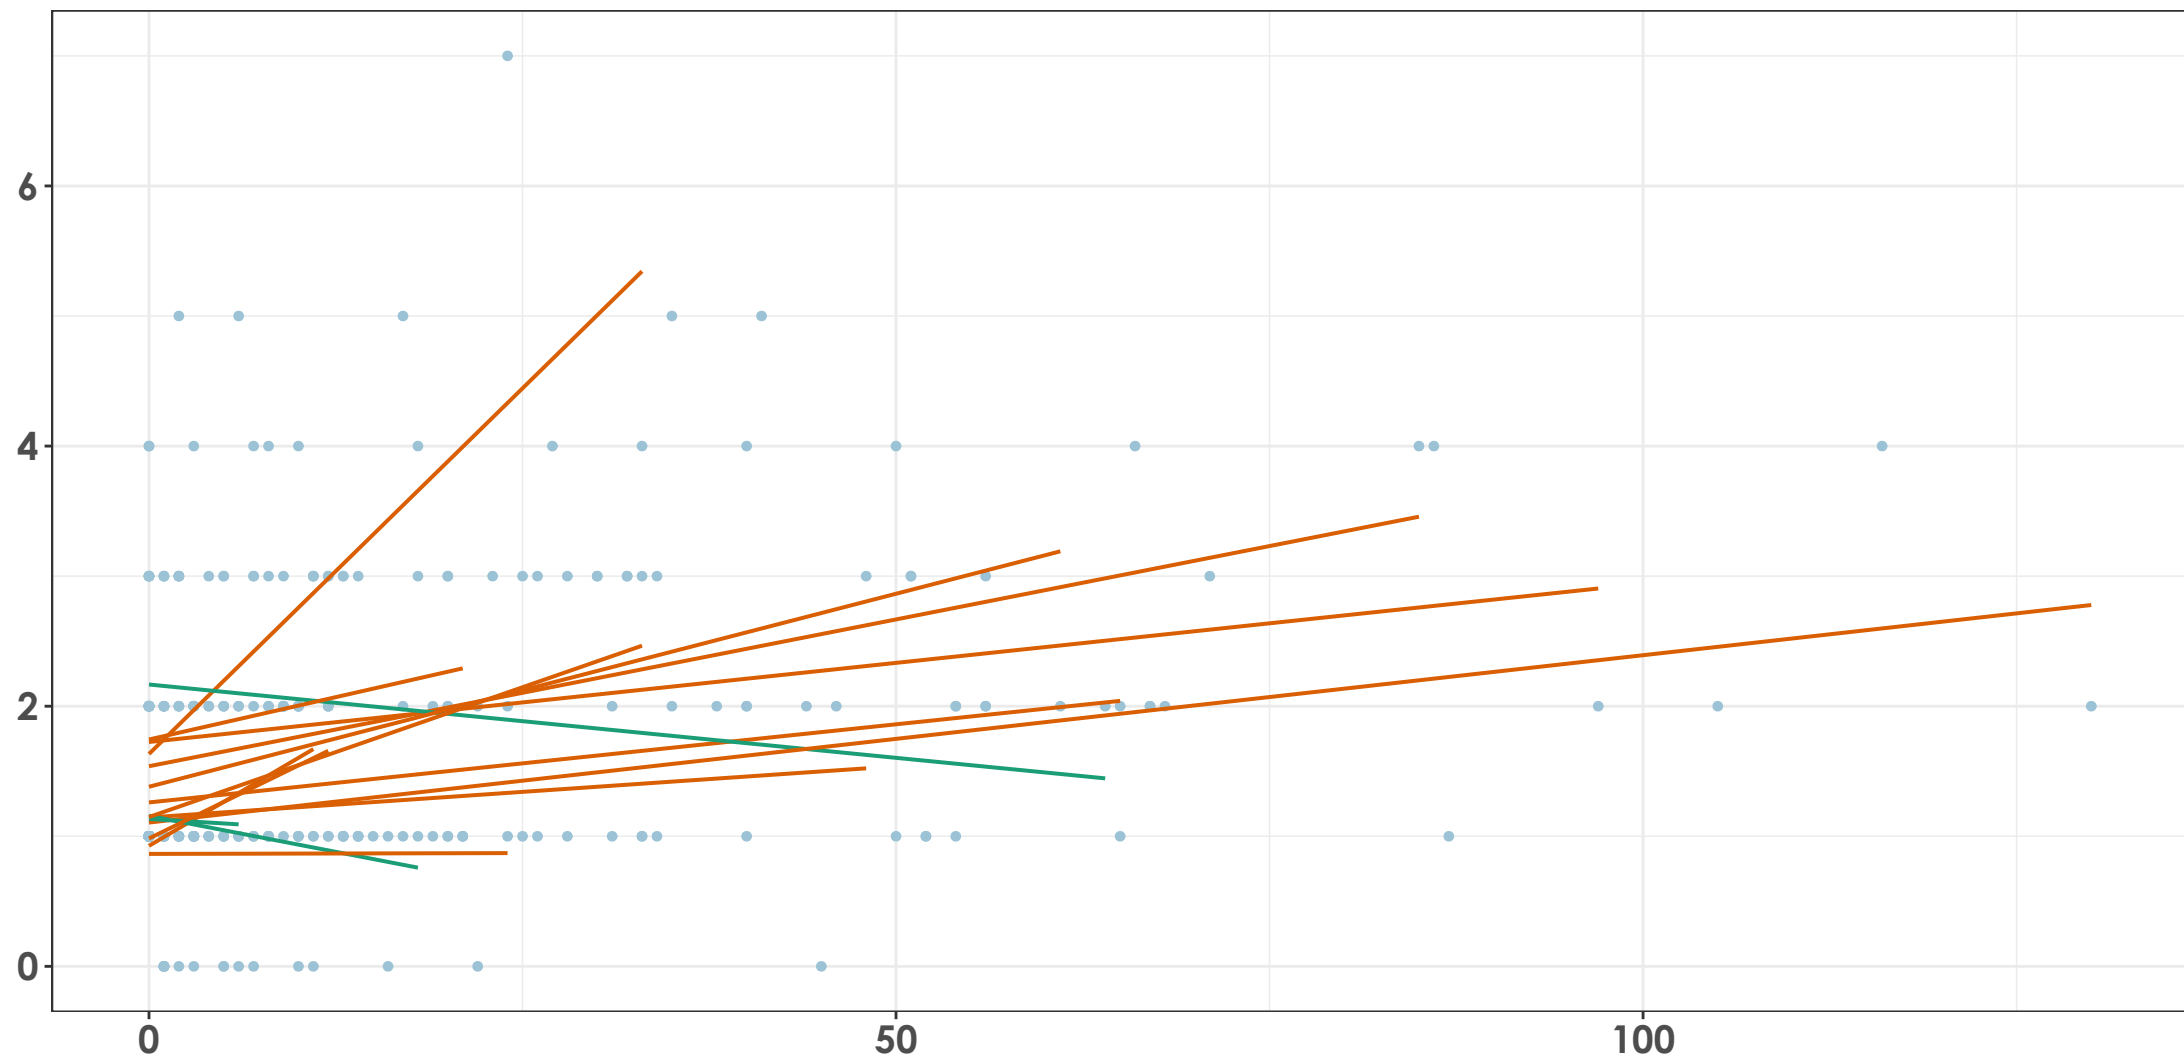

Acoustic detections (from acoustic data)

Positive regressions: 14

Hubbard Brook Experimental Forest - 2022

15 species

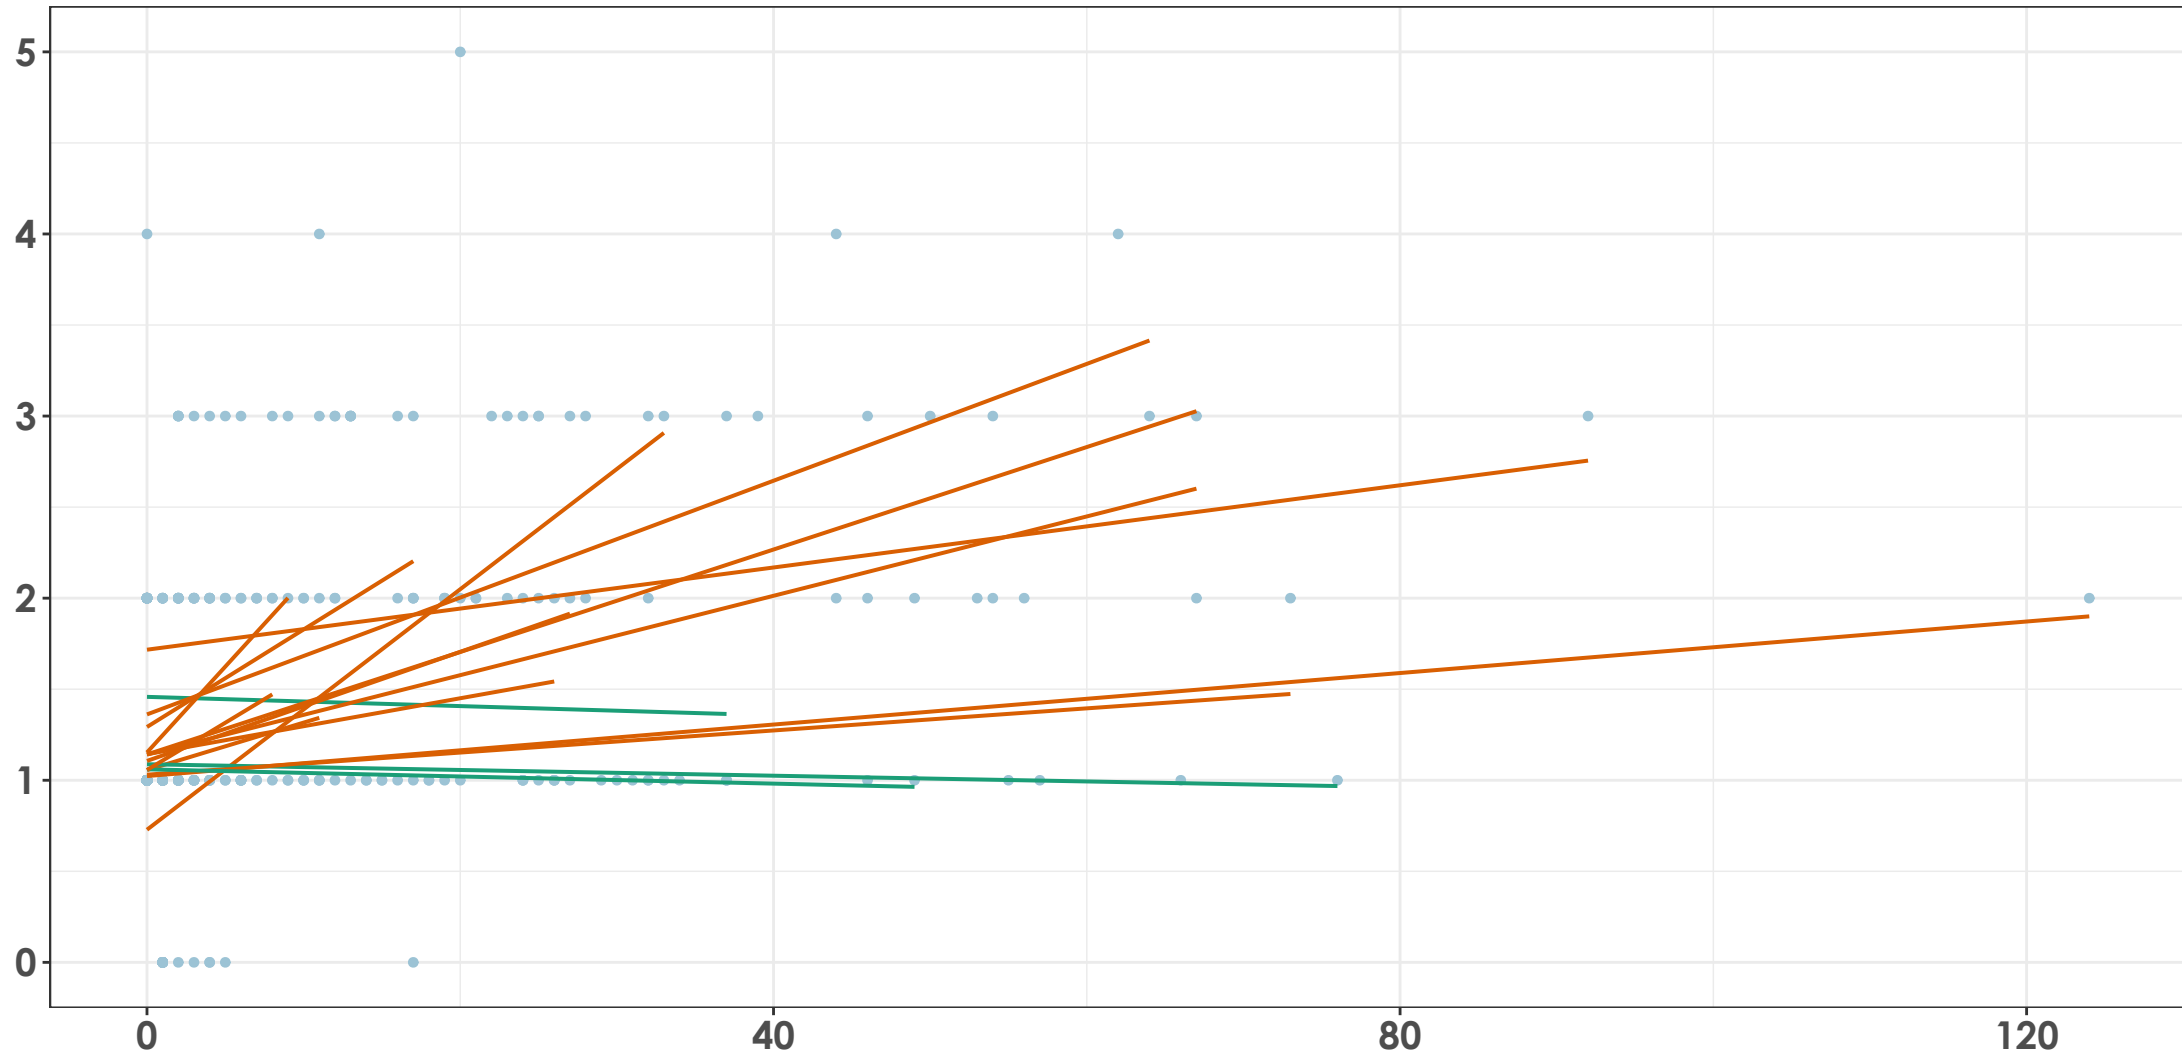

Abundance (from point count data)

Hubbard Brook Experimental Forest - 2023

16 species

Abundance (from point count data)

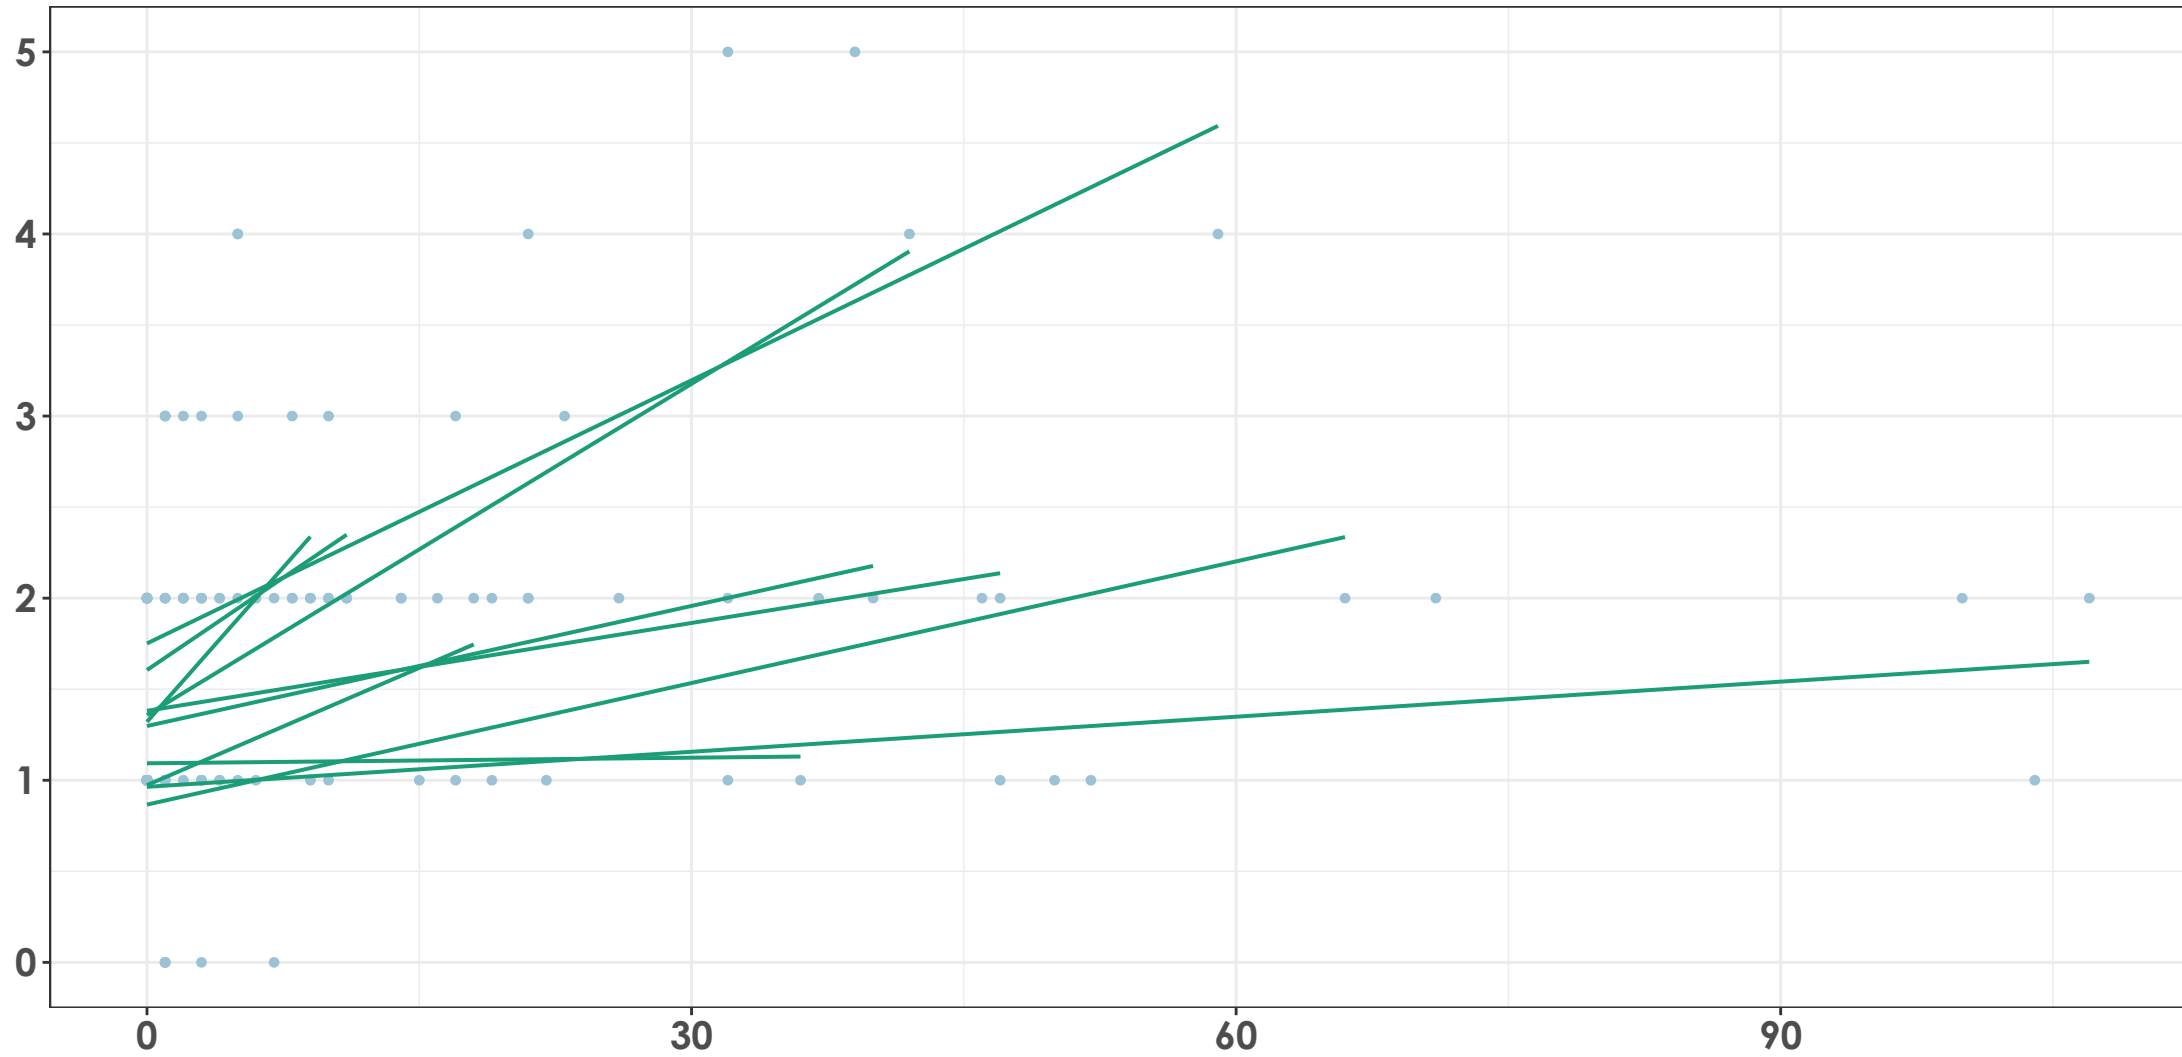

Acoustic detections (from acoustic data)

Positive regressions: 13

Kawishiwi Watershed - 2022

10 species

Abundance (from point count data)

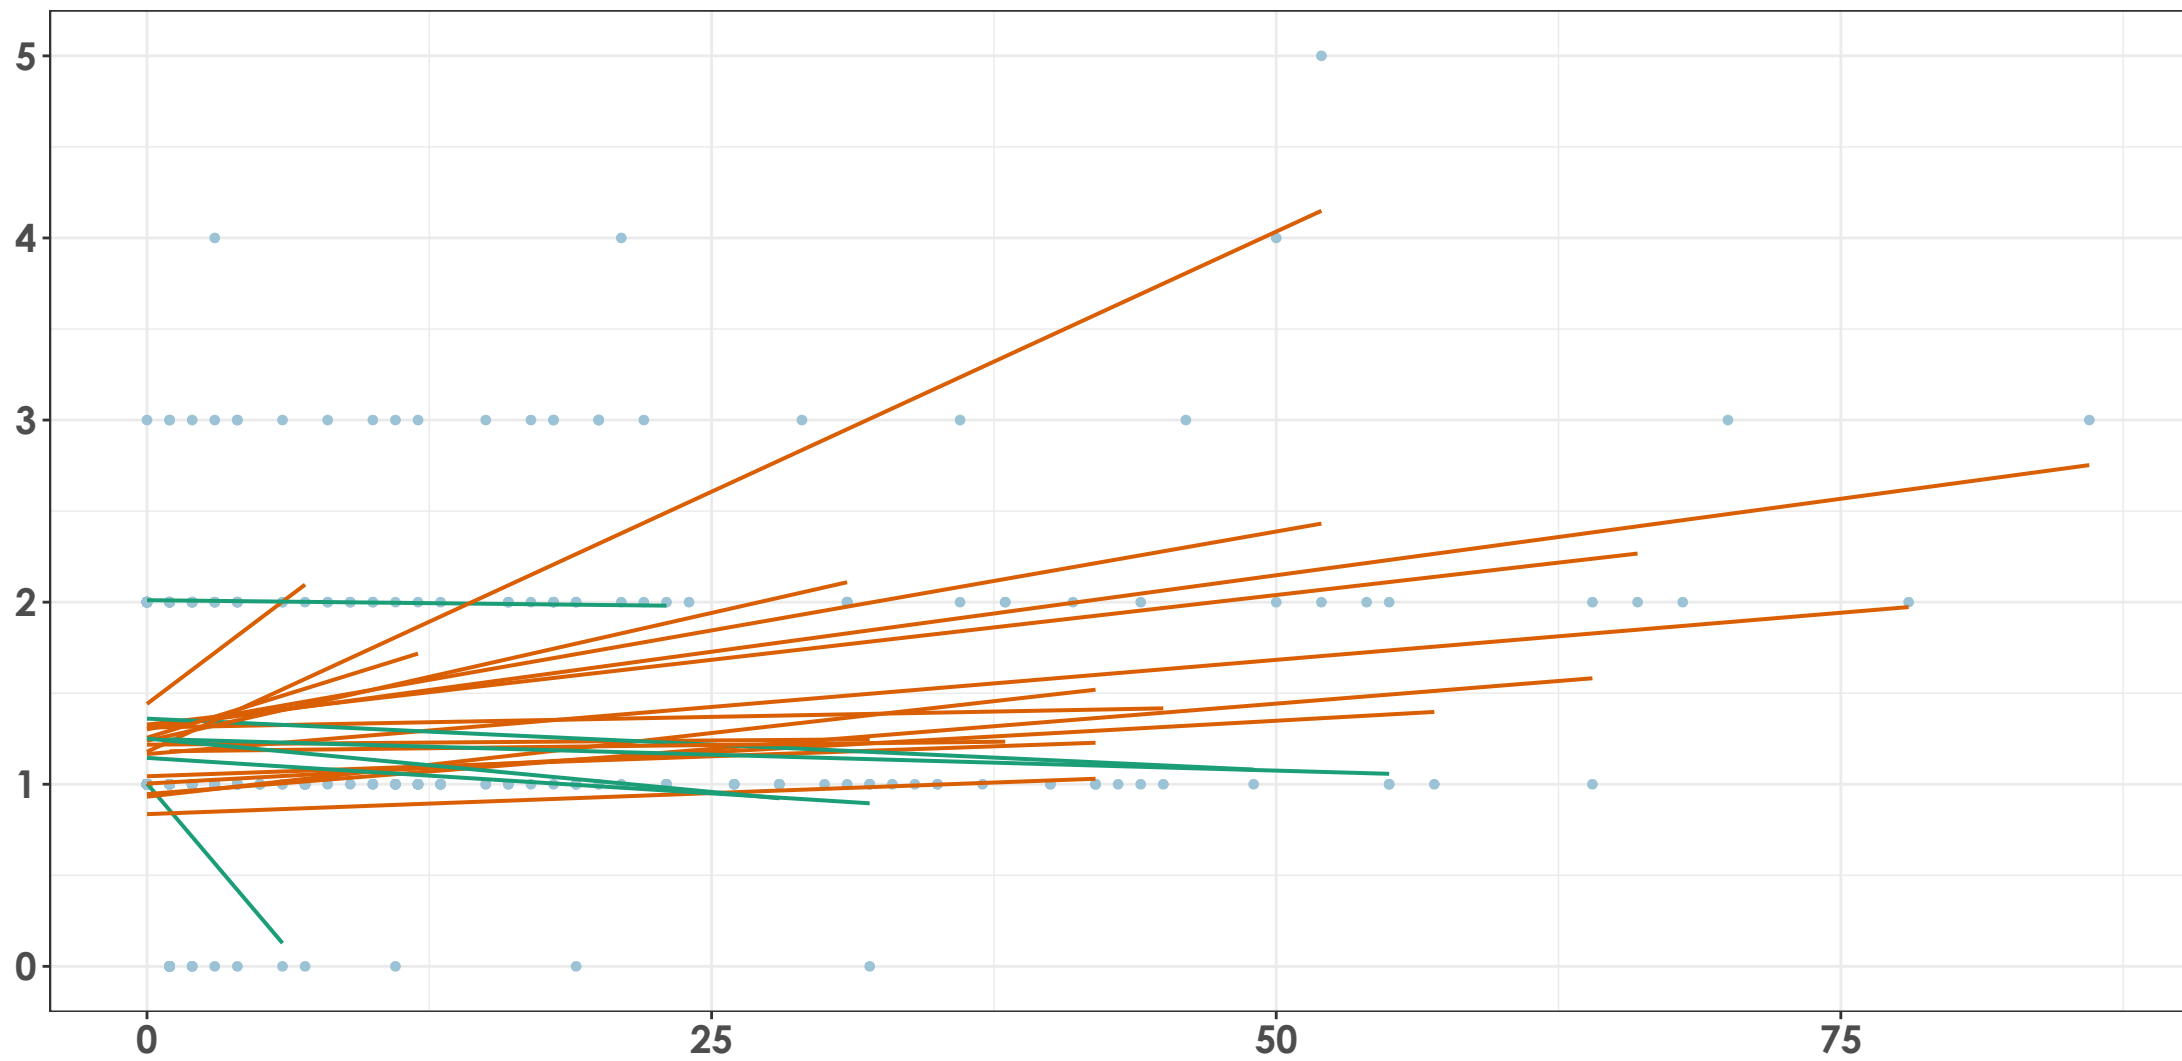

Acoustic detections (from acoustic data)

Positive regressions: 10

Kawishiwi Watershed - 2023

22 species

Abundance (from point count data)

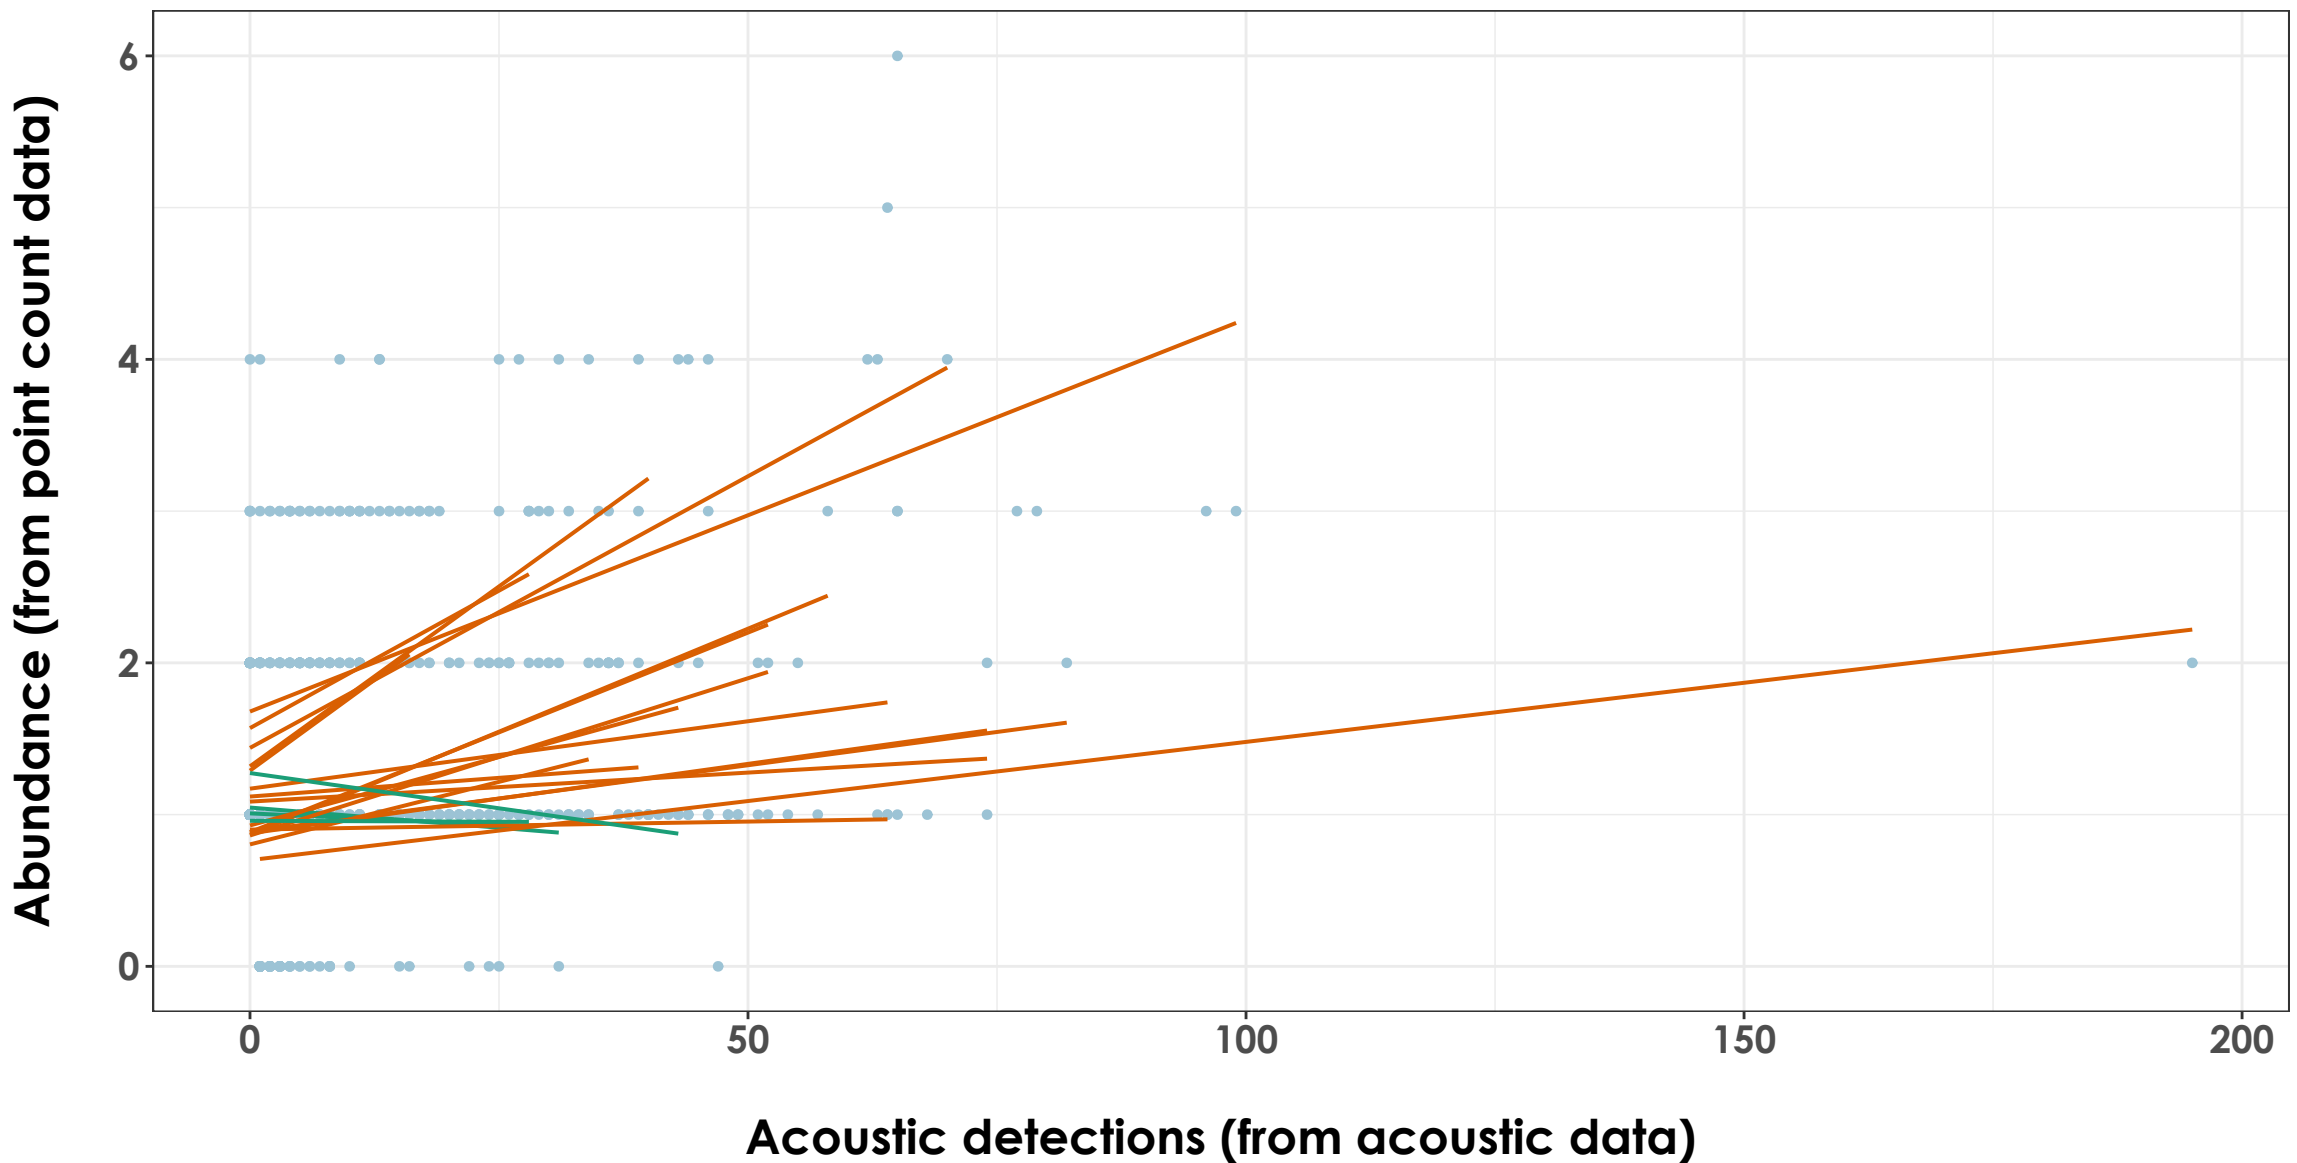

Acoustic detections (from acoustic data)

Positive regressions: 16

Marsh-Billings-Rockefeller NHP - 2022

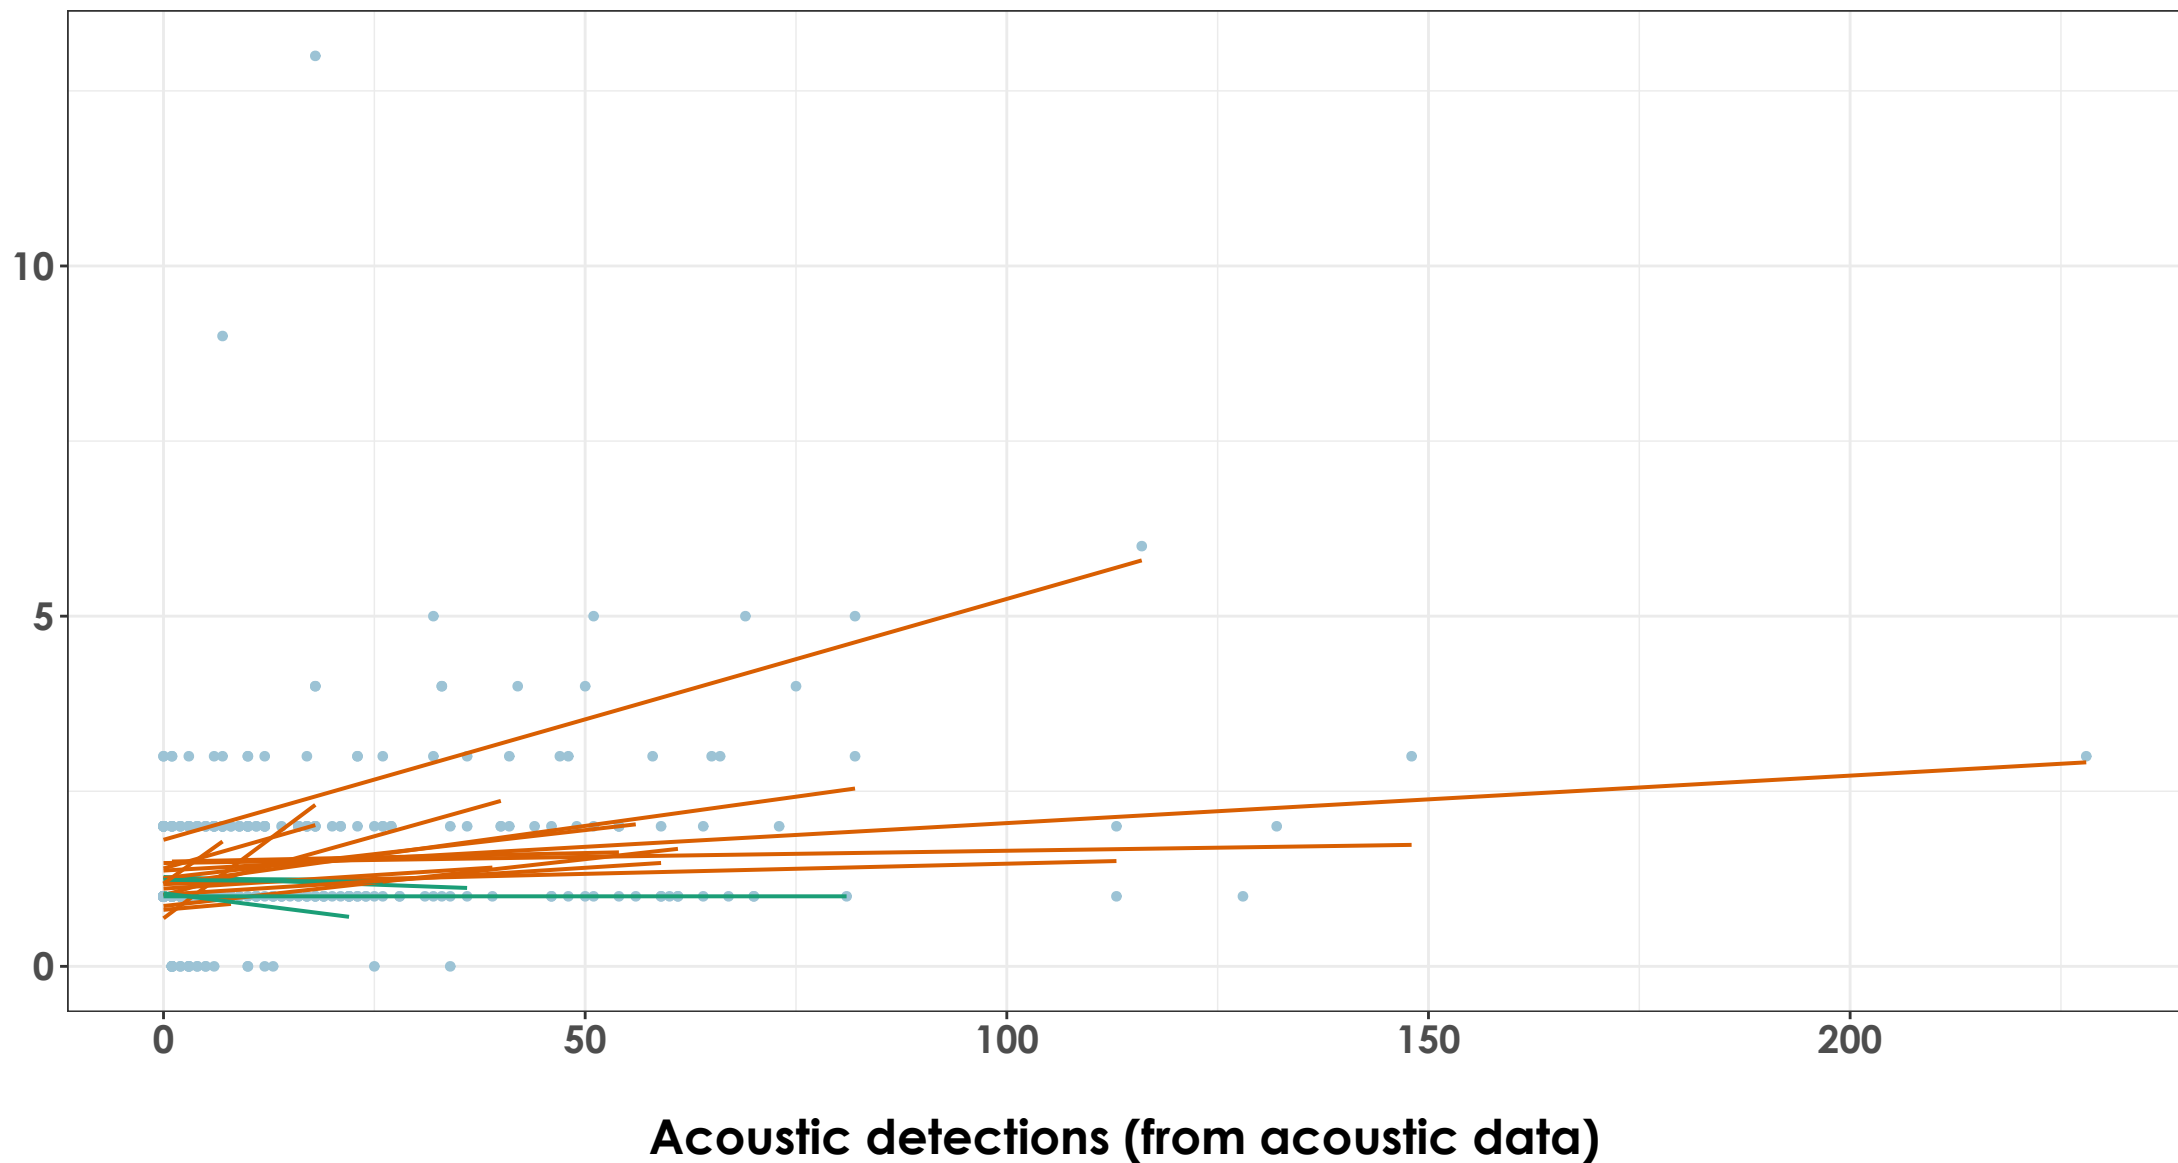

21 species

Marsh-Billings-Rockefeller NHP - 2023

20 species

Abundance (from point count data)

Positive regressions: 15
